

Ex-Gratia Uplift Payment

We are pleased to announce the Ex-Gratia Uplift Payment Regulations have been approved by Cabinet. Payments to eligible retired public servants will commence in June 2018 and they will be applied retrospectively to the start of the year, or later date of eligibility.

The Ex-Gratia Uplift Payment Regulations will bring the pensions of long serving public servants in line with poor relief payments which were increased from \$550 per month to \$650 per month in January 2018.
